The above is a high level summary of both operating and capital investment activities of the Council prepared on a uniform and consistent basis. The uniform presentation represents a simplified version of reporting under the Government Finance Statistics (GFS) framework of the Australian Bureau of Statistics (ABS).

All Councils in South Australia voluntarily have agreed to summarise annual budgets and long-term financial plans on the same basis.

The arrangements insure that all Councils provide a common 'core' of financial information, which enables meaningful comparisons of each Council's finances
